

**Models No.** ▶ 9200D

**Description** ▶ Cordless polisher kit

## CONCEPTION AND MAIN APPLICATIONS

Combination of #9200D(Polisher) and #DC7000( Quick charger).

We developed Cordless polisher kit, in keeping with serialization of charging system products, to make wide-range light works such as cleaning and polishing possible only by changing the attachments.

### ► Specifications

#### 9200D (Polisher body)

<b>Motor</b>	Direct current magnet motor
<b>Voltage</b>	Battery 7000
<b>Current</b>	Direct current 7.2 V
<b>Speed</b>	550rpm
<b>Body size</b>	225 mm
<b>Weight</b>	1kg

#### DC 7000 ( Quick charger)

<b>Input voltage</b>	Single phase alternating current, 100 V
<b>Input frequency</b>	50/60 Hz
<b>Input capacity</b>	27 V. A
<b>Output voltage</b>	Direct current, 7.2 V
<b>Output current</b>	Direct current, 1.5 A
<b>Charging time</b>	1 hr.
<b>Body size</b>	L145x H61x W80 mm
<b>Weight</b>	0.8 kgs
<b>Cord length</b>	2m

## ► **Standard equipment**

Bevel wire brush 100 ...for Bath room, Kitchen.

Bevel wire brush 50...for Bath room, Kitchen corners

Rubber pad 100...in aid of Abrasive disk and Wool bonnet

Abrasive disk 100-60,100-100,100-150 (abrasives WA)

...for various wood/metal polishing, paint removing

Wool bonnet 100...for polishing paint surface of cars, furniture

Buff 100...for waxing cars, cleaning of bath tub

Plastic case...for storing and carrying the above all items

## ► **Optional accessories**

Battery 7000

12V Quick charger (#DC7012)

Items in above standard equipment ( except Plastic case)

## ► **Disassembly/assembly**

1)9200D ( Polisher body)

1 Assembly notes: Fill up around the circle with grease in lower part of Ball bearing (Albania grease No. 2)

2 Tool: ⊕Driver

3 Others: None

2) DC7000 ( Quick charger)

In case of disorder or repairing, refer to Technical Information BL-0425.
