▶ Standard equipment

- Step
- Carbon plate
- Each type of sanding belt

▶ Optional accessories

- Steel plate :
- Each type of sanding belt(5 pieces in one set)

▶ Repair

Although same as #9401, the lead wire inside the handle has been increased due to the installation of two speed switch. Accordingly use care that the lead wires are not locked together in assembling the handle cover.

The standard equipment for the tools shown may differ form country to country
